

COMMITMENT FOR IMPLEMENTING ALLIANCE FOR WATER STEWARDSHIP STANDARD

Fatima Fertilizer Company Limited (FFL) is committed towards achieving market leadership in Fertilizer Sector, while implementing national and global standards for Health, Safety and Environment as well water-related rights.

In line with FFL vision towards a secure and sustainable future, we recognize the importance of effective water stewardship, ensuring the availability of safe water for relevant communities, connected ecosystems and future generations.

FFL is committed for achieving following positive outcomes of water stewardship;

- Stewardship of good water governance for sustainable water balance.
- Identification of important water resources and efforts for protection.
- Enforcing controls ensuring to sustain good water quality.
- Implementation of safe water, sanitation and hygiene (WASH) programs for workers and relevant stakeholders.

Moreover, FFL pledge in identifying and engaging relevant stakeholders to develop transparent communication, sharing and disclosing its efforts for water stewardship and continually taking their feedback. FFL committed site will implement and disclose progress on water stewardship program(s) to achieve improvements in AWS water stewardship outcomes & That the site implementation will be aligned to and in support of existing catchment sustainability plans. Site will also allocate resources to implement the Standard.
